MEMORANDUM FOR: Chief, Budget Division

SUBJECT: Personnel Ceiling for the [REDACTED] Station

[REDACTED] 17415

1. This is in reference to your telephone conversation with a representative of this office concerning the question as to whether or not the Clandestine Services received the ceiling allocation for the Communications personnel that were assigned to [REDACTED] on 31 July 1953.

25X1A6a

2. We do not take issue with the fact that we may have actually received eight ceiling for eight Communications personnel that were assigned to the [REDACTED] Base. However, it was the intention that the Clandestine Services receive ceiling for contract personnel that were assigned to projects which were in the process of being converted to Stations. In that connection we did not receive ceiling for thirteen contract personnel that were assigned to [REDACTED] and performing substantially staff employee type duties. In view of the above, it is requested that no change be made in the Clandestine Services personnel ceiling to cover the Communications personnel assigned to the [REDACTED] Station.

MEMORANDUM FOR: Deputy Director (Administration)

SUBJECT: Table of Organization [REDACTED]

25X1A2d1

1. The change in cryptonym from [REDACTED] on 1 September 1953 and the revised DDP/FE T/O approved 28 January 1954 omitted by inadvertence to carry along eight positions within [REDACTED] already filled by Communication employees. Therefore arithmetically the total FE - and hence Agency ceiling, is by inadvertence eight short of actuality.

25X1A2d1

2. FE should not be asked to go into its own ceiling bank to provide for what is simply an error. Neither should Commo.

3. Agency practice has been that T/O support positions should be provided by the using component and budgeted for by the parent support element.

4. It is recommended, therefore, that the only proper alternative to deal with this situation is to increase the ceiling for the FE Division by eight positions. They can be taken from that element which benefited erroneously from the above mistake. This is the Agency ceiling pool.
